

Effective Date: December 1, 2009

Revision Date:

Bastrop County Emergency Services District No.1

Standard Operating Procedures

Title: **Operating at Emergency Incidents**

Originator – Fire Chief (Signature/Date): _____

A. Purpose:

To provide a procedure for fire department personnel operating at emergency incidents.

B. Procedure:

The Bastrop County ESD #1 shall require:

1. A minimum of four fire protection personnel to safely conduct fire ground operations and two personnel to conduct vehicle collisions, medical calls, and all other types of calls.

2. All fire department personnel to limit operations to those that can be safely performed by personnel at the scene. If the number of personnel is insufficient the crew shall go into a defensive mode until additional resources arrive.

3. All fire department personnel to be trained in and use the standard operating guidelines.
4. All fire department personnel operating at a fire scene to comply with the Standard Operating Guideline of Procedures for Interior Structural Fire Fighting. (See 2 IN/ 2 OUT Policy)
